## **Suggested considerations for members on private group pages**

### **(Profile suggestions optional):**

1. F.O.R.D./R. = Information on your Family, Occupation, Recreation, Desires, and Responsibilities.
2. Directory Viewable = Address selection and family members.
  - a. Address visibility **Address is optional** and not at all required. Members often desire listing their address on Neighborhood Association and/or Churches. If you list your address, then you can choose to make the address public or only visible on a private group page.

### **Optional Address:**

\_\_\_\_\_ ☐ Private Group Page Only ☐ Allow it visible for anyone to view

- b. Name of your household member, relationship, and visibility to others

3. Network = List your associated networks like Face Book, Linked In, Etc...

4. Select **ADD MORE** to view of up to 15+ possible desired entry areas. Join as many groups as you like.

Joining a group includes you in that group directory. Check out [Member Search](#) along with [Event Search](#)

**GT All Sports web site includes directory printouts, prayer listings, group page blogs, and preferences according to your selection/s.**
